Subj: **NO THIRD PARTY OBJECTION TO SESRR AND PRELIMINARY
DEMARICATION RESULT**

Date: November 20, 2021

In line with the regulations to the Community Rights Law, the Forestry Development Authority through the Community Forestry Department posted results of Socio-Economic Survey and Resource Reconnaissance (SESRR) and preliminary demarcation of the Central River Dogbe APPLICANT COMMUNITY FOREST on October 20, 2021. These results remained posted for thirty (30) days to enable inhabitants and residents of Central River Dogbe Authorize Community Forest and adjoining communities (or other third parties) to express any concern, including objection to the destination of the area in the map as Central River Dogbe Authorize Community Forest.

No Objection was made or received during the thirty (30) days period which ended on November 20, 2021. The FDA, therefore, has no objection to investigation or act upon.

Considering this condition of no objection, complaint, or disagreement against the designation of the area mentioned in the map and survey results as Central River Dogbe Authorize Community Forest, we herein acknowledge the completion of step (7)-Third-party objections that arise from the posted results of the survey and Preliminary Demarcation of the required process for the establishment of Community Forest according to Chapter 2 section 2.10 of the Amended Regulations to the Community Rights Law-and recommend that Central River Dogbe Authorize Community Forest moves to the next step.

Best regards,
